Should I create an account?

-If you've never completed an online Registration, you should create an account. This allow you to securely save your work and come back at a later time if necessary. You can use your email address.

-If you already have an account, you can sign in and complete the form. (You should use the same account to complete forms for multiple children.)

Do I have to answer all questions?

No, but some questions are marked "Required" and must be answered before you can submit your form.

What if I make a mistake?

If you would to make a change, select the underline field or click "Prev" to return to a previous page.

I've completed the form, now what?

When you have finished entering your information, select "Submit." This will send all of the information you've entered to the school. If you cannot select this button, you will need to make sure that you have answered all required questions.

What if I have more than one student in the district? Do I need to do this for each child?

Yes, because you'll need to provide information that is specific for each child. We recommend that you submit one Registration and then start another – this will allow you to "snap over" shared family information, which will save you time.

I don't know what a question is asking.
